

SOFT HOURS

Your ecommerce editor

A short guide for Marion

Marion, the store is ready for your input.

You can now refine copy and photography directly in Shopify. Everything saves to the unpublished ecommerce theme, so the live coming-soon site stays untouched until launch.

Both cards above are clickable. Before editing, confirm the theme name is **Soft Hours Ecommerce - Client Editor**.

SEVEN STEPS FOR A SAFE UPDATE

- 1 Open **Edit content in Shopify** above.
- 2 Confirm you are in **Soft Hours Ecommerce - Client Editor**.
- 3 Choose the page from the selector at the top.
- 4 Choose the relevant section in the left sidebar.
- 5 Update the copy or select new photography.
- 6 Check both desktop and mobile previews.
- 7 Select **Save**, then open the ecommerce preview to review the result.

WHERE YOUR EDITS LIVE

Theme editor
Homepage, About, collection and product presentation, Journal presentation, Size Guide, FAQ, Contact, navigation, footer, and newsletter.

Products
Names, descriptions, photography, prices, colors, sizes, inventory, fit, measurements, fabric, care, maker story, dispatch, returns summary, and related products.

Content + policies
Journal posts and menus live in Content. Approved privacy, terms, shipping, and returns language lives in Settings > Policies.

If a product fact or customer promise is not final yet, leave it blank.
Blank fields will not appear as confirmed information on the storefront.

HOW YOU WOULD LIKE TO REVIEW

Start with copy and imagery: make those changes directly in Shopify now.

Request a larger design or layout change: let us know and we can turn the on-site review comments back on for you.
